

Calling all parents – we need your views!

Children develop quickly in the early years and their experiences between birth and age seven has a major impact on their future chances of success later on.

Derby City Council is developing an Early Years Strategy that consolidates the support and services available, enabling all children to live their best life.

To ensure that the voice of Derby's families is captured, a short online survey has been created. Please use this survey to let us know what you would like for all our Derby children.

Parents can access the survey using this QR code:

Alternatively use: <https://forms.office.com/e/RU3hU1pWRT>

Deadline to have your say: Friday 28 February 2025
